Easy 45 connects!

— *Installation technology from Delock*

Easy 45 is a variable, modular system to put together components like power sockets, HDMI or USB connectors, according to your own needs.

The Easy 45 modules are standardized and can be mounted in various module holder or installation trunkings. Easy 45 represents the interface between electrical, network and system installation with a lot of peripherals, for example TV devices, displays, printer, notebooks and so on.
