See below for typical installation examples....

This Triple Bracket is part of our unique, Modular Desktop Mounting System to create customized solutions for mounting your laptops and displays in a variety of different configurations.

Installation Examples

The LINDY Modular Desktop Mounting System provides a really versatile method for creating your own custom installations. With these products you can raise your notebooks or monitors to create desk space or provide a more comfortable viewing position. Or, by using several arms, you can mount multiple displays on a single pole.

If you want you're LCD on a more flexible display use a Adjustable LCD Arm or Dual Adjustable LCD Arms to mount to LCD displays. Add an additional Adjustable Notebook Arm to display a notebook or laptop.
