USB Type C to DVI Adapter Cable 0.5m
No.: 43255

Description
- Converts a USB Type C port to a DVI port
- Supports DVI resolutions up to 1920x1200@60Hz
- Requires DisplayPort Alternate Mode support by the USB Port/Bus
- Plug & Play, no drivers required
- 2 Year Warranty

This Lindy USB Type C to DVI Adapter Cable allows users to easily add external video capabilities to a computer featuring the USB Type C port with additional support for DisplayPort Alternate Mode. The DVI connector of the adapter cable can be directly connected to the DVI display - while the 0.5m cable allows for a more flexible positioning of the DVI display than when using a box converter - perfect for a simple and adaptable installation.

With support for a resolution of 1920x1200@60Hz, content can be viewed with clarity and accuracy, while the Type C connector' s reversible design was developed to find a connection regardless of which way the cable is inserted into the port. The USB Type C to DVI Adapter Cable is powered by the USB Bus, therefore no external power supply is needed and with 'Plug and Play' installation, this converter cable can be installed into an AV ecosystem with minimum difficulty, ideal for both professional and first time users.
