

## Single Gang VGA, HDMI, USB and Audio Wall Plate, Metal

No.: 60216

Stainless steel multi AV wallplate, with 20cm trailing leads

### Description

- Convenient, wall mounted AV solution for connecting various video and audio devices
- Single gang wall plate with HDMI, VGA, USB and 3.5mm ports
- Sleek, stainless steel finish
- Includes 20cm Female trailing leads for all connections
- 2 year warranty

The Lindy metal wall plate range combines a sleek stainless steel design, to compliment modern boardroom, professional home cinema, classroom interiors and retail settings with reliable, high quality performance. When fitted to a standard single-gang sized pattress box, this is an ideal space and clutter saving solution for connecting various modern and older source devices with VGA or HDMI connections such as media players, games consoles and PCs to projectors, digital signage and interactive whiteboards. Wires can be neatly trunked into the wall, great for creating engaging learning and presentation experience, or for installing a professional 'wire-free' home cinema.

The integrated USB Type B port helps develop easier educational and working environments by allowing connection of USB printers and scanners from a distance, while the 3.5mm (Female) connection can be used to add audio cables and devices for an independent audio solution, enhancing the video experience with high quality stereo audio. The included trailing leads also provides a quick and simple installation for all connections, a perfect time saving solution for professional installers.

To achieve greater HDMI distances you can use our range of Active HDMI cables up to 30m.

### Technical details

#### Specifications

- AV Interface:
  - HDMI
  - VGA
- Interface Standard: HDMI 2.0, VGA
- Supported Bandwidth:
  - HDMI: 18Gbps
  - VGA: 4.95Gbps
- Maximum Resolution:
  - HDMI: 3840x2160@60Hz 4:4:4 8bit

- VGA: 1920x1200@60Hz
- HDCP Support: Pass-through
- EDID Pass Through: Pass-through
- Supported Audio:
  - HDMI: Pass-through
  - 3.5mm: Analogue Audio
- Separate Audio Ports: 3.5mm (Female)
- Special Features: -
