- Charge/Sync either via the Lightning Connector or USB Micro-B
- Officially licensed by Apple
- MFI certified compatible with: iPhone, iPad and iPod with Lightning interface
- Charge, Sync or Transfer Data
- 2 years warranty

The LINDY USB Micro-B & Lightning Sync/Charger Combo Cable is perfect for people and families who have a mixture of Apple devices and Smartphones, tablets and portable battery packs with the standard USB Micro-B connector. The Lightning connector is fully compatible with all Lightning enabled Apple devices for both charging and data transfer and can be removed to reveal a USB Micro-B connector, which can then be used with Android & WindowsPhone Smartphones and Tablets as well as Cameras and Portable Battery Packs which use the USB Micro-B interface. One cable with many applications, perfect for in car and holiday use.

Easily transfer and exchange music, video, pictures and more between your PC or Mac and your Apple device with this USB to Lightning Adapter. Officially licensed by Apple as part of their MFI programme it is compatible with your iPhone, iPad or iPod.
