

Lightning & USB i-Cable Protector, Blue fluorescent

No.: 31389

Description

- Protect your Lightning cables from deterioration
- Suitable for Apple and LINDY Lightning Cables*
- Fluorescent Silicone can easily be found at night
- Supplied with Both USB Type A and Lightning protectors
- 2 Year Warranty

The LINDY Lightning cable protector kit provides a solution to common problems with Lightning cables, including damaged cable, broken connections, and cable pulling away from the connector.

The protector provides a tough and rugged shell for your existing cable by using a two piece design with a silicone centre, which also glows in the dark.

The kit comes with a USB Type A and Lightning protector, this provides maximum protection for the cable as both ends are fully protected.

*Suitable for LINDY Lightning cables 31349, 31350, 31351, and 31352

Package Contents:
