

USB to Lightning Flat Cable, blue 1m

No.: 31391

Description

- Reversible USB Type A connector fits in to USB ports either way around
- Flat TPE cable construction for increased flexibility, portability and durability
- Apple MFi Licensed product, Made for iPod, iPhone & iPad
- Available in a choice of colours
- 2 year warranty

The LINDY Flat Reversible Lightning Cable is the perfect, colourful companion for syncing and charging your iPod, iPhone or iPad. The cable's reversible USB Type A connector helps you overcome the problem of inserting USB cables into USB ports the right way around without looking. Perfect for use with hard to reach USB ports you can attach the connector either way up. Ideal for when your devices are repeatedly connected and disconnected from computers or charging adapters.

The stylish flat design allows you to tightly coil the cable, making it ultra-portable while also being harder to tangle in pockets, bags or other cables and helps to prevent the cable becoming kinked.

MFi Certified

This product has been certified under the Apple MFi licensing programme.

Made for iPod, Made for iPhone, Made for iPad, and AirPlay logos communicate to customers that an electronic accessory has been designed to connect specifically to iPod, iPhone, or iPad, and has been certified by the developer to meet Apple performance standards.
