

2 Port 4K DisplayPort Switch

No.: 38411

Description

- Switch between two DisplayPort 1.2 compatible signals with a simple button push
- Supports high definition video up to 4K@60Hz, multi-channel digital audio, DPCP and HDCP
- Supports resolutions up to 3840 x 2160
- Supports Dual Mode DisplayPort
- 2 year warranty

This DisplayPort Switch allows you to choose between two sources with a simple push of a button. With full support for 4K UHD the switch supports video resolutions up to 3840 x 2160 with multi-channel digital audio.

Easy to install and easy to use, the LINDY DisplayPort Switch is an obvious choice for switching between two DisplayPort sources.

Please Note - Audio may not be supported when using DisplayPort to HDMI adapters.

Package Contents:

1x 2:1 DisplayPort Switch
