- Officially licensed by Apple
- MFi certified for use with iPhones, iPads and iPods with a Lightning interface
- 10 year warranty

This CROMO Slim USB to Lightning Cable uses the highest grade components with precision finishing to deliver flawless performance.

It's thin design makes it both flexible and portable.

Perfect for use with mobile devices such as iPhone, iPad and iPod.

Easily transfer and exchange music, video, pictures and more between your PC or Mac and your Apple device with this USB to Lightning Cable.

Officially licensed by Apple as part of their MFI programme, it is compatible with your iPhone, iPad or iPod.

These cables are made using Thermoplastic Elastomers (TPE) for the jacket and nylon insulation for the inner conductors.
