

DisplayPort to HDMI 4K Converter Adapter, AMD Eyefinity Compatible

No.: 41728

Description

- Connect a DisplayPort computer to a HDMI 4K display
- Supports resolutions up to 4K (3840x2160p) at 30Hz
- For use with DisplayPort 1.1a equipped computers
- Supports Video-mirroring or Extended desktop modes
- Supports audio
- 2 years warranty

This DisplayPort to HDMI 4K Adapter allows you to connect a DisplayPort 1.1a equipped computer to a 4K HDMI monitor, TV or projector. This allows you to use your HDMI display with newer Mini DisplayPort devices.

It is ideal for use in established digital entertainment centres, home offices, conference rooms or advertising displays.

Please note: For audio output to HDMI your computer must support audio output via DisplayPort. Contact your computer or graphics card manufacturer for further information.
