No.: 42694

### Description

- Extends a single USB port up to 100m using low cost UTP Cat.5/5e/6 network cable (not included)
- Plug & Play installation, OS independent
- Perfect for use with USB 2.0 devices such as storage devices, printers, scanners, mice and keyboards
- Supports USB 2.0 High Speed and USB 1.1 Full Speed / Low Speed
- 2 year warranty

The Lindy 100m USB 2.0 Cat.5 Extender UTP can be used to extend the distance between a USB peripheral device and host computer by up to 100m. It consists of a local unit which connects to the computer and a remote unit that connects to the device. Standard, low cost UTP Cat.5/5e/6 network cable (not included) is then used to bridge the connection between the two units.

Connecting a USB hub to the receiver also gives additional access to a larger number of USB devices. For added convenience this USB 2.0 Extender is supplied with a power supply, which can be connected should additional power be required.
