

4 Port USB 3.1 Type C Hub

No.: 43091

Description

- Provides 4 USB 3.1 Gen 1 / 3.0 SuperSpeed ports with data rates up to 5Gbps
- Allows connection of 2 Type A and 2 Type C peripherals
- Compatible with all USB Type C equipped computers
- USB bus-powered, or can be externally powered
- 2 year warranty

The Lindy 4 Port USB 3.1 Type C Hub allows the user to connect 2 USB Type A and 2 USB Type C peripherals to a USB Type C equipped notebook or Macbook. Each of the ports is capable of outputting 5V 1.5A to directly power most common peripherals such as smartphones, mice and webcams, whilst a DC jack is available to connect an external power supply if multiple devices with high power requirements are connected.

The Type C connectors reversible design was developed to find a connection regardless of which way the cable is inserted into the port and with 'Plug and Play' installation, no drivers are required, therefore this hub can be installed with minimum difficulty, ideal for both professional and first time users.
