

## USB 3.0 Multi-Card Reader UHS-II

No.: 43163

### Description

- Access data of the most popular memory cards using a USB Type A enabled computer
- Supports UHS-II standard with high speed file transfer up to 312MB/s
- USB 3.1 Gen 1 / USB 3.0 SuperSpeed 5Gbps data transfer rates
- Plug & Play
- 2 year warranty

The Lindy USB 3.0 Multi-Card Reader UHS-II makes it easy to quickly transfer photos, music or other data to or from a computer or notebook with a USB Type A interface. USB 3.1 Gen 1 / USB 3.0 guarantees fast access to the most popular memory card types such as SD, memory stick or compact flash with SuperSpeed data transfer rates up to 5Gbps.

Installation is simple as no drivers are required. The card reader is powered by the USB Bus, an external power supply is not necessary. The Lindy USB 3.0 Multi-Card Reader UHS-II is a helpful tool for creative professionals like photographers or graphic designers, who have to manage multiple large files in a fast and efficient way.

### Technical details

#### Specifications
