

Cat.6 Ribbon Patch Cable, Unshielded, White, 2m

No.: 47502

Description

- Assembled ribbon patch cable
- 2x RJ45 plug with kink protection

Flat patch cables are extremely flexible and thin cables for special applications.

Due to the extremely thin design, these cables can be routed under carpets, laminate / parquet or between baseboard and wall.

Doors and windows are still fully functional even with a cable laid.

- RJ45 connector with kink protection and strain relief
- Ribbon cables
- unshielded
- 10/100 Base-T support
- Wiring: 1 : 1
- Colour: white
