

Automatic TosLink Digital Optical Audio Switch, 2 Way

No.: 70405

Description

- Automatically switches to the active optical port
- Supports cables distances of up to 5m in (for each input) and 5m out
- Input ports: 2 x TosLink (Optical Fibre)
- Output port: 1 x TosLink (Optical Fibre)
- Supports un-compressed 2-channel LPCM (Linear Pulse Code Modulation) digital audio signal output
- Supports compressed 2-channel and multi-channel Dolby and DTS audio signals
- Includes 5V DC multi country power supply
- Dimensions: 38 x 66 x 20mm (WxDxH)
- 2 year warranty
- **Please note:** TosLink cables are not included, we recommend you use cables from the LINDY TosLink Cable or Premium Gold TosLink cable range
- 2 Way TosLink Splitter, SPDIF to Analogue and Analogue to SPDIF converters are also available

Technical details

This very compact switch allows you to connect two digital optical Toslink sources to a single optical TosLink (SPDIF) input on your HD TV, AV amplifier, Hi-Fi or home cinema system.

Ideal for use with PS3, CD/DVD Player, set top box, PC etc. and saves on wear and tear of constant plugging and unplugging of cables.
